Dear Colleagues and Friends,

We would like to thank all of you who already have sent application forms and abstracts of presentations for the Poznań African Symposium. In the meantime we realized that a number of colleagues are still in the field and may have no chance of submitting applications on time. Therefore we decided to prolong the deadline for registration till the end of February. We do believe it gives additional time for everybody who is going to take part in the meeting.

Please, find attached below an updated 1st Circular and Registration Form

With the best wishes for New Year
